User Login

 - Register
 - Fitness Blog
 - Diet Planner
 - Fitness Videos
 - Payment and Subscription

Pseudocode:-

* Display welcome Screen

Display Menu

1. login page

3. Register page

* If user selects register then

Enter name

Enter email

Enter password

* If all details are valid then create user

Account Display "Registration Successful"

Else

Display "Invalid Details"

END IF

END IF

* If user selects login then

Enter Email

Enter password

If Email and password are correct THEN

* Display home screen

Else

* Display "Invalid login credentials"

END IF

END IF

* Display Home Menu

1. Health Routine Blogs

2. Self care Blogs

3. Logout

* If user selects health routine THEN
Display list of health routine
user selects a blog Display blog details
ENDIF

* If user selects self care blogs THEN
Display list of self care blogs
user selects a blog Display Details
ENDIF

* If user selects logout THEN
Return to login screen
ENDIF
Stop.

2. Intelligent Job Assistant App:-

Pseudocode:-

* Display welcome screen

Display Menu

1. login 2. Register
